

# Ascension Alexian Brothers

August 8, 2024

McHenry County Mental Health Board Members,

I am writing to request the Board allow the opening up of the application deadline for one of my four grant applications, the Clinical Navigator position. Totally due to human error, mine, the application was not submitted by July 31, 2024. I believed that I submitted the application (it is complete) but apparently I missed the question Primary Category and Program Type so it did not submit.

I just discovered this Tuesday night when I was reviewing my applications. Whatever grace and consideration I could be afforded would be greatly appreciated. Thank you,

Cece Horan, Psy.D

Director of Child & Adolescent Services
