RESOLUTION

SUBJECT: Resolution Appropriating Funds for FY2025 Natural Deicer (82)

Board / Committee Action Requested:

To approve a resolution appropriating funds for FY2025 natural de-icing product.

Background and Discussion: As an annual expense for winter snow and ice control, the necessary materials are salt, calcium chloride and a natural de-icing product. This bid is for 80,000 gallons of the natural de-icing product.

Bids were received by the Procurement and Special Services Department September 16, 2021. Two (2) bids were received. The bid included four option years. This will be the fourth year of the contract. The bid was for \$2.15/gallon from SNI Solutions of Geneseo, Illinois.

With the upgraded liquid storage capacity and our increased all liquid snow plow route program the MCDOT has budgeted \$172,000.00 in FY2025. This is then used to manufacture the MCDOT's enhanced brine (blended "Supermix"). Efforts continue to increase the use of liquid product to reduce reliance on rock salt.

Impact on Human Resources: none.

Impact on Budget Revenue, Expenses, Fringe Benefits: This purchase is included in the draft FY2025 budget from County Option Motor Fuel Tax Fund.

Impact on Capital Expenditures: none.

Impact on Physical Space: none.

Impact on Other County Department or Outside Agencies: none.

Conformity to Board Ordinances and Policies: Conforms to purchasing ordinance and policies.
