Proprietary: Yes \_\_X\_\_ No \_\_\_\_\_

Award Statement

The Division of Transportation is required to maintain the County Highway System in accordance with the McHenry County Snow & Ice Control Policy to which Road Weather Information Systems (RWIS) is an important component. The County’s five remote weather information systems located throughout the County require cloud-based software services with a vendor to effectively integrate and store atmospheric and pavement data. The Director of Procurement & Special Services and the County Engineer agree this is a proprietary software service and recommend awarding this contract to Vaisala Inc., of Louisville, CO.

Vendor	Annual Renewal	Responsive / Responsible
Vaisala Inc.	\$58,440	Yes
