SUBJECT: Resolution Appropriating FY2025 Funding for Calcium Chloride (82)

---

**Board / Committee Action Requested:** For consideration is a resolution appropriating funds for FY2025 liquid calcium chloride.

**Background:** As an annual expense, the necessary materials are salt, calcium chloride and a natural de-icing product. This purchase is for liquid calcium chloride. The NWMC (North West Municipal Conference) offers through the SPC (Suburban Purchasing Cooperative) a competitive bid for liquid calcium chloride. The purchase of calcium chloride through the NWMC was used last year by the MCDOT. This has been coordinated with the McHenry County Procurement and Special Services Department. The MCDOT will continue to use SPC contract #213.

**Discussion:** The calcium chloride will be provided this year by Sicalco, Ltd. of Hinsdale, Illinois. With the upgraded liquid storage capacity and our increased all liquid snowplow route program the MCDOT is now budgeting \$40,000.00 in FY2025. This is then used to manufacture the MCDOT's enhanced brine (blended "Supermix"). Efforts continue to increase the use of liquid product to reduce reliance on rock salt.

**Impact on Human Resources:** none

**Impact on Budget (Revenue, Expenses, Fringe Benefits):** Budgeted amount for this item is \$40,000.00 in FY2025 from County Option Motor Fuel Tax Fund.

**Impact on Capital Expenditures:** none

**Impact on Physical Space:** none

**Impact on Other County Department or Outside Agencies:** none

**Conformity to Board Ordinances and Policies:** conforms to purchasing ordinance and policies.
