RESOLUTION

SUBJECT: Resolution Appropriating Additional Funds for Right-of-Way Purposes for the Randall Road (Acorn/Polaris to Ackman Road) Improvements (82)

Board / Committee Action Requested:

To appropriate additional funds for right-of-way acquisition in association with the Randall Road (Acorn/Polaris to Ackman Road) improvements.

Background and Discussion:

The Division of Transportation (DOT) is facilitating the widening and reconstruction of Randall Road from Acorn Lane/Polaris Drive to Ackman Road. Through the project development process, it was determined that additional right-of-way would be needed to construct the improvements. In October 2022, the County Board appropriated funding to acquire the new right-of-way.

For 17 of the 20 parcels needed to construct the project, a negotiated settlement was reached with the property owners without the need for condemnation. The County entered into Quick-Take Condemnation on three parcels in which a negotiated settlements could not be reached in time for the project letting, risking the loss of Federal Funds. This appropriation will provide funding to the State's Attorney's Office for continued negotiations with the remaining property owners.
