Re: Parcel # 07-23-176-003  
Common Location: 15712 Nelson Road, Woodstock, IL 60098  
NRI# L24-080-4636  
Zoning Change: A1 to A1 CUP

Dear Mrs. Olague:

The McHenry-Lake County Soil and Water Conservation District has carefully reviewed your application for a Natural Resource Information Report on the Eduardo Olague property as applied for in Report #L24-080-4636. Due to size of parcel being rezoned and minimal or no new construction on the site, the SWCD finds that impact to natural resources from the proposed use is minimal for the purposes of the NRI report. A full Natural Resource Information Report will not be necessary, but we would like to highlight a few resources on the property.

Office maps indicate the presence of hydric soils in the northern area of the parcel (see attached Hydric Soil Locations Map). Our wetland inventory is for informational and planning purposes only. Any proposed drainage work, in wet areas, requires a certified wetland delineation. If drainage work is to occur, please contact the Army Corps of Engineers and McHenry County Department of Planning & Development for permit information.

Additionally, the FEMA Flood Insurance Rate Map indicates that the northern area of the parcel is within a 0.2% Chance Annual Floodplain (see attached Floodplain Locations Map). If additional construction is to occur it is recommended that you contact the McHenry County Department of Planning & Development for possible permitting requirements.

This letter fulfills your requirement to notify the SWCD of land use changes as per the Illinois Compiled State Statutes, Chapter 70, Par. 405/1 et seq. Illinois Revised Statutes, Ch. 5, Par 106 et seq. and the McHenry County Stormwater Ordinance. If you have any questions concerning this letter, feel free to call our office.

Sincerely,

Ryan Bieber  
Urban Conservation Specialist
