Award Statement

Emergency dispatch back-up is required for Fire calls in the event WiFi services are down. Cradlepoint wireless routers provide broadened access, enhanced speed and performance of 5G, supporting advanced applications and critical communications. Enterprise Routers are the all-in-one endpoint that includes full-featured routing, switching and Wi-Fi, making it easy to connect and maintain connectivity to the Internet for supporting crucial emergency business applications.

Article 10, S10-101 of the Purchasing Ordinance authorizes cooperative purchasing in the County. OMNIA meets or exceeds the County’s Purchasing Ordinance requirements and has awarded CDW*G LLC contract #2024056-01 Information Technology Solutions Products & Services. The Emergency Telephone Systems Board (ETSB) Director and the Director of Procurement and Special Services agree to award this contract to CDW*G LLC, of Vernon Hills, IL.
