DESCRIPTION OF WORK AND SPECIFICATIONS

McHenry County is seeking asphalt parking lot crack filling and traffic marking/line striping by a qualified contractor for potential work at McHenry County Government Center, 2200 N Seminary Rd., Woodstock IL, 60098

The Work includes a Base Bid consisting of surface preparation and traffic markings/line striping. There is an option to provide a second coat of traffic marking and line striping paint including parking stalls and lettering.

The Work shall be performed by employees skilled in the respective trade and knowledgeable about the product and equipment being used. The Work shall be sequenced and communicated in a way to minimize disruption to the visitors, deliveries, and access. The work shall not impact the operations of the facility. **This work must be conducted on weekends and can be completed in one or two stages.** All traffic control and barricades to be provided by contractor.

McHenry County Facility Management wishes to have this work completed prior to August 1st 2025. Our preference would be to have this work scheduled for the month of June or early July. The Contractor shall commit to this schedule by way of submitting a bid.

The Contractors proposed staging plan including barricade set up, traffic control and schedule will be reviewed as part of the bidder qualification process.

Base Bid – Parking Lot Sealcoating and Traffic Marking/Line Striping and Crack Filling

Application Description. The Base Bid is complete surface preparation, sealcoating, and traffic marking/stripping and crack filling of the entire asphalt drive and parking lot as follows:

1. **Surface Preparation (Entire Parking Lot and Drives).** Properly prepare all substrates in accordance with the written installation instructions of the manufacturer. Surface must be clean and free from all loose material and dirt. Remove grass along edge of pavement to find true edge of pavement. Power blowers, mechanical sweeping devices, and push brooms are acceptable cleaning methods. Grass, dirt, and other debris extracted from the parking lot surface shall be properly removed from the site. Wipe or scrape excessive buildup of oil, grease and gasoline spots. A torch may be used to burn away any residual. Apply Sealmaster Petro Seal Oil Spot Primer (or approved equal) with a brush, roller, or sprayer. Allow to dry before sealcoating.
2. **Hot Applied Crack Sealant Route/Filling Materials and Methods (All Cracks over 1/8" in width in Entire Parking Lot and Drives).** All work shall be completed in accordance with the written installation instructions of the manufacturer. Cracks shall be routed 1/8" wider on each side of crack to a depth equal to the width unless larger than 3/4", for 3/4" wide routes and larger, route to 3/4" depth. Route shall be filled flush with surrounding pavement. Overbanding is not acceptable. Route must be free from dust, dirt, vegetation, and moisture. Clean cracks with mechanical wire brush followed by a compressed air heat lance to remove loose debris and moisture. Apply Sealmaster Crackmaster Parking Lot Grade crack sealant (or approved equal) to provide a uniform flush fill. Crack sealant shall be melted in a conventional oil-jacketed unit equipped with an agitator and applied heated using a pump and wand system, a crack banding unit, or a pour pot.
3. **Parking Lot and Drive Sealcoating (Entire Parking Lot and Drives).** All work shall be completed in accordance with the written installation instructions of the manufacturer. Apply two (2) coats of Sealmaster Polymer-Modified Masterseal asphalt and blacktop sealant (or approved equal) job mixed with aggregate. No coal tar products allowed. Equipment used to apply sealant shall have continuous agitation or mixing capabilities to maintain homogenous consistency of pavement sealer mixture throughout the application process. Spray equipment shall be capable of mixing and spraying pavement sealer with sand added. Self-propelled squeegee equipment with mixing capability shall have at least 2 squeegee or brush devices (one behind the other) to assure adequate distribution and penetration of sealer into pavement surface. Hand squeegees and brushes shall be acceptable in areas where practicality prohibits the use of mechanized equipment. Sealant shall be mixed in accordance with the following mix design (based on 100 gallons of Masterseal sealant): Masterseal – 100 gallons, Water – 15-25 gallons, Top Tuff – 1 gallon, Sand (40 to 70 mesh AFS fineness gradation – 300-500 pounds. Allow final coat of pavement sealer to dry 24 hours prior to applying 100% acrylic water-based traffic paint.
4. **Traffic Marking/Line Striping (Entire Parking Lot and Drives).** All work shall be completed in accordance with the written installation instructions of the manufacturer. Freshly applied pavement sealer shall be allowed to cure for a minimum of 24 hours prior to applying traffic paint. Apply Sealmaster Traffic Paint (or approved equal) with pressurized line striping spray equipment at wet thickness of 15 to 20 wet mils. Colors and layout for all marking/stripping shall match existing unless required by applicable code or ordinance.
5. **Clean up and Restore (Entire Parking Lot and Drives).** Clean up work area and reseed any damaged grass areas adjacent to the new work.

Option #1 – Second Coat of Traffic Marking, Striping, and Lettering

Application Description. This Option is to apply a second coat of traffic marking, striping and lettering over the first.

1. Apply Sealmaster Traffic Paint (or approved equal) with pressurized line striping spray equipment at wet thickness of 15 to 20 wet mils. Colors and layout for all marking/striping shall match existing unless required by applicable code or ordinance.

**Bid bond required: Scan bid bond and include with bid. Original required within 48hrs of bid acceptance*

☐ OTHER / NOT LISTED - Please Describe Below

**Request for Taxpayer
Identification Number and Certification**

Go to www.irs.gov/FormW9 for instructions and the latest information.

**Give form to the
requester. Do not
send to the IRS.**

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type.
See Specific Instructions on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.) Patriot Maintenance Inc	
2 Business name/disregarded entity name, if different from above.	
3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only one of the following seven boxes. <input type="checkbox"/> Individual/sole proprietor <input type="checkbox"/> C corporation <input checked="" type="checkbox"/> S corporation <input type="checkbox"/> Partnership <input type="checkbox"/> Trust/estate <input type="checkbox"/> LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner. <input type="checkbox"/> Other (see instructions)	4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3): Exempt payee code (if any) _____ Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any) _____ <i>(Applies to accounts maintained outside the United States.)</i>
3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions. <input type="checkbox"/>	
5 Address (number, street, and apt. or suite no.). See instructions. 405 Washington Blvd	Requester's name and address (optional)
6 City, state, and ZIP code Mundelein, IL 60060	
7 List account number(s) here (optional)	

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number								
			-				-	
or								
Employer identification number								
2	7	-	1	8	1	7	4	8

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

------------------	--	---------------------

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they
