<u>Re:</u>	Parcel # 18-18-300-004
<u>Common Location:</u>	13919 Adamson Road, Huntley, IL 60142
<u>NRI#</u>	L24-099-4655
<u>Zoning Change:</u>	A1 CUP Renewal

Dear Ms. Green:

The McHenry-Lake County Soil and Water Conservation District has carefully reviewed your application for a Natural Resource Information Report on the David W. Leach, Sr. property as applied for in Report #L24-099-4655. Due to no new construction proposed at the site, the SWCD finds that impact to natural resources from the proposed use is minimal for the purposes of the NRI report. A full Natural Resource Information Report will not be necessary, but we would like to highlight a few resources on the property.

Office maps indicate the presence of hydric soils in the southwest corner of the parcel (see attached Hydric Soil Locations Map). Our wetland inventory is for informational and planning purposes only. Any proposed drainage work, in wet areas, requires a certified wetland delineation. If drainage work is to occur, please contact the Army Corps of Engineers and McHenry County Department of Planning & Development for permit information.

This letter fulfills your requirement to notify the SWCD of land use changes as per the Illinois Compiled State Statutes, Chapter 70, Par. 405/1 et seq. Illinois Revised Statutes, Ch. 5, Par 106 et seq. and the McHenry County Stormwater Ordinance. If you have any questions concerning this letter, feel free to call our office.

Sincerely,

Ryan Bieber
Urban Conservation Specialist
