ARTICLE XXII EQUIPMENT OR PROPERTY

22.1. Transfer of Equipment. Grantor shall have the right to require that Grantee transfer to Grantor any equipment, including title thereto, purchased in whole or in part with Grantor funds, if Grantor determines that Grantee has not met the conditions of 2 CFR 200.439. Grantor shall notify Grantee in writing should Grantor require the transfer of such equipment. Upon such notification by Grantor, and upon receipt or delivery of such equipment by Grantor, Grantee will be deemed to have transferred the equipment to Grantor as if Grantee had executed a bill of sale therefor.

22.2. Prohibition against Disposition/Encumbrance. The Grantee is prohibited from, and may not sell,

transfer, encumber (other than original financing) or otherwise dispose of said equipment, material, or real property during the Grant Term without Prior Approval of Grantor. Any real property acquired using Grant Funds must comply with the requirements of 2 CFR 200.311.

22.3. Equipment and Procurement. Grantee must comply with the uniform standards set forth in 2 CFR 200.310–200.316 governing the management and disposition of property which cost was supported by Grant Funds. Any waiver from such compliance must be granted by either the President’s Office of Management and Budget, the Governor’s Office of Management and Budget, or both, depending on the source of the Grant Funds used. Additionally, Grantee must comply with the standards set forth in 2 CFR 200.317-200.326 for use in establishing procedures for the procurement of supplies and other expendable property, equipment, real property and other services with Grant Funds. These standards are furnished to ensure that such materials and services are obtained in an effective manner and in compliance with the provisions of applicable federal and state statutes and executive orders.

22.4. Equipment Instructions. Grantee must obtain disposition instructions from Grantor when equipment, purchased in whole or in part with Grant Funds, are no longer needed for their original purpose. Notwithstanding anything to the contrary contained within this Agreement, Grantor may require transfer of any equipment to Grantor or a third party for any reason, including, without limitation, if Grantor terminates the Award or Grantee no longer conducts Award activities. The Grantee shall properly maintain, track, use, store and insure the equipment according to applicable best practices, manufacturer’s guidelines, federal and state laws or rules, and Grantor requirements stated herein.

22.5. Domestic Preferences for Procurements. In accordance with 2 CFR 200.322, as appropriate and to the extent consistent with law, the Grantee should, to the greatest extent practicable under this Award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this paragraph must be included in all subawards and in all contracts and purchase orders for work or products under this Award.

ARTICLE XXIII PROMOTIONAL MATERIALS; PRIOR NOTIFICATION

23.1. Publications, Announcements, etc. Use of Grant Funds for promotions is subject to the prohibitions for advertising or public relations costs in 2 CFR 200.421(e). In the event that Grantor funds are used in whole or in part to produce any written publications, announcements, reports, flyers, brochures or other written materials, Grantee shall obtain Prior Approval for the use of those funds (2 CFR 200.467) and agrees to include in these publications, announcements, reports, flyers, brochures and all other such material, the phrase “Funding provided in whole or in part by the [Grantor].” Exceptions to this requirement must be requested, in writing, from Grantor and will be considered authorized only upon written notice thereof to Grantee.

23.2. Prior Notification/Release of Information. Grantee agrees to notify Grantor ten (10) days prior to issuing public announcements or press releases concerning work performed pursuant to this Agreement, or funded in whole or in part by this Agreement, and to cooperate with Grantor in joint or coordinated releases of information.

ARTICLE XXIV INSURANCE

24.1. Maintenance of Insurance. Grantee shall maintain in full force and effect during the Term of this Agreement casualty and bodily injury insurance, as well as insurance sufficient to cover the replacement cost of any and all real or personal property, or both, purchased or, otherwise acquired, or improved in whole or in part, with funds disbursed pursuant to this Agreement. 2 CFR 200.310. Additional insurance requirements may be detailed in **PART TWO** or **PART THREE**.

24.2. Claims. If a claim is submitted for real or personal property, or both, purchased in whole with funds from this Agreement and such claim results in the recovery of money, such money recovered shall be surrendered to Grantor.

ARTICLE XXV LAWSUITS

25.1. Independent Contractor. Neither Grantee nor any employee or agent of Grantee acquires any employment rights with Grantor by virtue of this Agreement. Grantee will provide the agreed services and achieve the specified results free from the direction or control of Grantor as to the means and methods of performance. Grantee will be required to provide its own equipment and supplies necessary to conduct its business; provided, however, that in the event, for its convenience or otherwise, Grantor makes any such equipment or supplies available to Grantee, Grantee's use of such equipment or supplies provided by Grantor pursuant to this Agreement shall be strictly limited to official Grantor or state of Illinois business and not for any other purpose, including any personal benefit or gain.

25.2. Liability. Neither Party shall be liable for actions chargeable to the other Party under this Agreement including, but not limited to, the negligent acts and omissions of Party's agents, employees or subcontractors in the performance of their duties as described under this Agreement, unless such liability is imposed by law. This Agreement shall not be construed as seeking to enlarge or diminish any obligation or duty owed by one Party against the other or against a third party.

ARTICLE XXVI MISCELLANEOUS

Grantee must maintain, at a minimum, one business e-mail address that will be the primary receiving point for all e-mail correspondence from Grantor. Grantee may list additional e-mail addresses at any time during the Term of this Agreement. The additional addresses may be for a specific department or division of Grantee or for specific employees of Grantee. Grantee must notify Grantor of any e-mail address changes within five (5) business days from the effective date of the change.

Grantee acknowledges that this Agreement may not be sold, assigned, or transferred in any manner by Grantee, to include an assignment of Grantee's rights to receive payment hereunder, and that any actual or attempted sale, assignment, or transfer by Grantee without the Prior Approval of Grantor in writing shall render this Agreement null, void and of no further effect.

26.5. Amendments. This Agreement may be modified or amended at any time during its Term by mutual consent of the Parties, expressed in writing and signed by the Parties.

26.6. Severability. If any provision of this Agreement is declared invalid, its other provisions shall not be affected thereby.

26.7. No Waiver. No failure of either Party to assert any right or remedy hereunder will act as a waiver of either Party's right to assert such right or remedy at a later time or constitute a course of business upon which either Party may rely for the purpose of denial of such a right or remedy.

26.8. Applicable Law; Claims. This Agreement and all subsequent amendments thereto, if any, shall be governed and construed in accordance with the laws of the state of Illinois. Any claim against Grantor arising out of this Agreement must be filed exclusively with the Illinois Court of Claims. 705 ILCS 505/1 *et seq.* Grantor does not waive sovereign immunity by entering into this Agreement.

26.9. Compliance with Law. This Agreement and Grantee's obligations and services hereunder are hereby made and must be performed in compliance with all applicable federal and State laws, including, without limitation, federal regulations, State administrative rules, including 44 Ill. Admin. Code 7000, and any and all license requirements or professional certification provisions.

26.10. Compliance with Confidentiality Laws. If applicable, Grantee shall comply with applicable state and federal statutes, federal regulations and Grantor administrative rules regarding confidential records or other information obtained by Grantee concerning persons served under this Agreement. The records and information shall be protected by Grantee from unauthorized disclosure.

26.11. Compliance with Freedom of Information Act. Upon request, Grantee shall make available to Grantor all documents in its possession that Grantor deems necessary to comply with requests made under the Freedom of Information Act. (5 ILCS 140/7(2)).

26.12. Precedence.

(a) Except as set forth in subparagraph (b), below, the following rules of precedence are controlling for this Agreement: In the event there is a conflict between this Agreement and any of the exhibits or attachments hereto, this Agreement shall control. In the event there is a conflict between **PART ONE** and **PART TWO** or **PART THREE** of this Agreement, **PART ONE** shall control. In the event there is a conflict between **PART TWO** and **PART THREE** of this Agreement, **PART TWO** shall control. In the event there is a conflict between this Agreement and relevant statute(s) or rule(s), the relevant statute(s) or rule(s) shall control.

26.13. Illinois Grant Funds Recovery Act. In the event of a conflict between the Illinois Grant Funds Recovery Act and the Grant Accountability and Transparency Act, the provisions of the Grant Accountability and Transparency Act shall control. 30 ILCS 708/80.

26.14. Headings. Article and other headings contained in this Agreement are for reference purposes only

and are not intended to define or limit the scope, extent or intent of this Agreement or any provision hereof.

26.15. Entire Agreement. 26.16. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be considered to be one and the same agreement, binding on all Parties hereto, notwithstanding that all Parties are not signatories to the same counterpart. Duplicated signatures, signatures transmitted via facsimile, or signatures contained in a Portable Document Format (PDF) document shall be deemed original for all purposes.

26.17. Attorney Fees and Costs. Unless prohibited by law, if Grantor prevails in any proceeding to enforce the terms of this Agreement, including any administrative hearing pursuant to the Grant Funds Recovery Act or the Grant Accountability and Transparency Act, the Grantor has the right to recover reasonable attorneys' fees, costs and expenses associated with such proceedings.

26.18. Continuing Responsibilities. The termination or expiration of this Agreement does not affect: (a) the right of the Grantor to disallow costs and recover funds based on a later audit or other review; (b) the obligation of the Grantee to return any funds due as a result of later refunds, corrections or other transactions, including, without limitation, final Indirect Cost Rate adjustments and those funds obligated pursuant to ARTICLE XVII; (c) the Consolidated Year-End Financial Report; (d) audit requirements established in ARTICLE XV; (e) property management and disposition requirements established in 2 CFR 200.310 through 2 CFR 200.316 and ARTICLE XXII; or (f) records related requirements pursuant to ARTICLE XII. 44 Ill. PROJECT DESCRIPTION

Statement of the Problem

1. State the problem(s) the project will address (include local statistics/data, whenever possible). Indicate the source of your data. Please make sure data is current from the last five years.

The purpose of the 22nd Circuit Family Violence Coordinating Council (FVCC) is to establish a multi-disciplinary team to share and discuss information in order to promote a coordinated response to family violence in our communities. The Council works to improve the institutional and professional response to family violence issues. The Council engages in prevention, education, and the coordination of intervention and services for victims and perpetrators of child abuse, domestic violence, elder abuse, and human trafficking. A goal of the Council is to contribute to the improvement of the legal system and the administration of justice.

Each Council is judicially led and a local fiscal agent appointed by the judge administers this annual allocation of funds. Funds are used to support a part-time Local Council Coordinator (LCC) in each Council, as well as coordination of committee work, training, travel, and other related activities as determined by the Local Council Planning/Steering Committees. The Planning/Steering Committee establishes, along with the Local Council Coordinator, the goals and objectives for the upcoming year.

According to the Illinois Criminal Justice Information Authority (ICJIA.gov), McHenry County agencies responded to approximately 1,020 cases of domestic violence in 2018. The most recent reporting for elder abuse, child sexual/physical abuse is from 2015 and indicated 146 and 2,121 cases, respectively. McHenry County has also started to see cases of human sex trafficking and is working towards a county-wide protocol to assist agencies in these investigations. No other group within the county works as close together as the 22nd FVCC to achieve the goal of reducing domestic violence cases, educating the community, and providing valuable resources to victims. The 22nd FVCC has worked hard for many years to bring change to the system and we hope to continue to work together to achieve our goals.

2. Identify gaps in services and explain how the proposed project will compliment and not duplicate existing services.

The 22nd FVCC has identified information and resource sharing as a gap in services within our communities. The FVCC members discuss and work together to bridge these gaps by providing training and education to each other and with other community stakeholders. By bringing all disciplines involved in family violence together, we can reduce and attempt to eliminate the redundancy of efforts and focus on the quality of services provided to the community. We share the strengths of each agency and work to improve areas where services are needed.

Several agencies have joined the council this past year that fill the gap of missing services. Faith based, private practice, and additional substance abuse agencies have become part of our efforts in reaching all affected by domestic violence. Within the 22nd Judicial Circuit, no other group exists that focuses on all aspects of family violence and share the same goal. With new laws being passed and the affects of COVID-19, the Council is working to bridge gaps that have been created due to these changes beyond our control. We will continue to work to find solutions.

3. Include an overview of proposed project.

The goal of the council is to improve the knowledge of professionals, educate community stakeholders, and provide resources for the victims in the Circuit regarding family violence issues. The Council also strives to provide support, education, and training to providers working closely with those affected by family violence. Through the Council, we are able to address current trends and on-going issues that are specific to our community and bring awareness to these topics. The FVCC provides training throughout the year which focus on improving the available resources and bringing system change.

The Council Steering Committee members help bring policy change and protocol updates to their agencies to ensure a consistent response to all domestic violence situations.

Agency Capacity and Management

1. What is the total agency annual budget?

Excess of \$5 million annually.

2. Describe applicant agency's fiscal experience and capacity to manage grants.

The court is overseen by a trial court administrator, who is a certified court executive with the Institute for Court Management and a Fellow of the National Center for State Courts. The court has participated in a number of grant opportunities, in excess of \$1 million in local, state and federal grants. The court has never had a finding of fault in any audit performed.

3. Please describe how performance data will be collected, reported and used to inform ongoing projects.

The impact of any court project is a paramount importance. Data driven decision making is the new normal for the 22nd Judicial Circuit. The court has the capacity to collect and analyze data in order to ensure that projects are having the desired effect. In today's environment of the reduced financial resources, the court collects, reports, and uses data across the spectrum of court programs and processes.

4. Describe how applicant agency will sustain the funded program at the end of the funding period.

The program was established within Court Administration appropriations in the 22nd Judicial Circuit appropriations from McHenry County. The funding source remains intact and if necessary could be absorbed, with the consent of the McHenry County Board, which is one of the funding agencies of the Court.

Target Population

Please describe the judicial circuit(s) for this local coordinating council and target population.

The 22nd Circuit shares the borders of McHenry County, in northeastern Illinois. The estimated January 2019 population was 307,774 (census.gov). According to 2019 Census data, approximately 93.1% of county residents are white, while 13.4% are Hispanic or Latino, 3% are Asian, and 1.7% are black. Most county residents are from the United States, while 9.6% are foreign born. More than 15,000 veterans lived in McHenry County between 2014-2018. McHenry County is a collar county of Chicago with urban and rural areas within its boundaries. This was the most current data available.

According to the Illinois Criminal Justice Information Authority, the two risk factors for criminal activity are unemployment and poverty. Based on January 2021 data (<https://www.mchenrycountyil.gov/county-government/departments-j-z/workforce-investment-board/local-area-unemployment-statistics>), McHenry County has an unemployment rate of 7.4%, while the poverty rate in the county is 5.4%, according to census.gov from 2019. Some data indicates the poverty level is around 7.8% due to the pandemic (<https://www.welfareinfo.org/poverty-rate/illinois/mchenry>). The unemployment rate hit a high of 16.6% in April 2020 due to the COVID-19 pandemic. Prior to the pandemic, McHenry County was at 3.4% unemployment rate. Comparably, the State unemployment and poverty rates during the same time prior to the pandemic were 8.5% and 4.0%, respectively. The municipalities in McHenry County are largely residential in design than commercially based.

Progress Toward Goals

Please discuss the successes and challenges of meeting the goals and objectives of your Council's work with FY21 state funded IFVCC program. Please make sure you discuss each of the goals and objectives for the FY21 grant. Describe how the COVID-19 pandemic has affected your program.

This past grant cycle was not as productive as prior grant years. We met some of our goals set forth in the grant, even though we were not able to meet in person. Many of our council members participate in at least two committees and we were able to coordinate meetings to be as efficient as possible while respecting busy schedules. All meetings were productive and accomplished what we set out to discuss. Members volunteered to research ideas to bring back to future meetings, which helped free up the coordinator with taking on all the tasks. Everything was modified this grant cycle, but the council got creative with getting information out and did the best they could with the restrictions. Attendance at meetings was slightly higher due to them being virtual. Several times, information was passed via email instead of a formal meeting since there was not much to pass along.

We are currently planning our annual symposium to be held virtually. We will not face the issue this year of turning people away since we can host all who want to participate. Our focus this year is on digital media and keeping children safe. With the lockdowns, no school, increased stress, anxiety, depression we felt it was important to discuss a topic that is affecting many in our communities. A section of our training day will be on the increased numbers of grooming and human trafficking incidents via social media, web cams, etc. This training will again be opened to medical, education, first responders, and social service providers. The training day will close with vicarious trauma and re-energizing all these professionals who have had to work non-stop through the pandemic.

We were able to get in a mini-tool kit dispatch presentation for an area council. Our council dispatchers are still not allowed to have in-person training, which made our training be put on hold until they can. I would like to reach out to EMS, probation, court personnel to get training and information to them. EMS has been more receptive as of recent and we will continue to build that relationship and develop and provide training to fit their needs. Most agencies have not allowed any training for their employees this year, but once restrictions start to loosen, we hope to get some more training events planned.

Our community did not host any in-person community events this grant cycle. It was difficult to spread the word about the council, but we still were able to get our name out there. Our focus was to disseminate information about local resources to help with the stress of the pandemic. We printed business cards with these numbers for first responders, doctors, health facilities, and others to pass out on a regular basis. We also printed table top cards to display in waiting rooms, common areas, etc. that display the numbers for local resources. We felt during this time, it was important to reach out to all our community members struggling, not just specific to family violence.

We did not focus on our domestic violence or elder abuse protocol this year due to the restrictions. We trained on this right before the lockdowns and felt focus should be on more wide-spread issues in our community. Working with our council members on burnout, compassion fatigue, and stress overload was an important topic to us this year. We wanted to ensure those working with the increased number of victims of family violence were equipped to mentally succeed and be there to provide assistance, support, and resources.

Our Council did help fund a county-wide digital platform to host virtual trainings. It will also house a library of pre-recorded training topics for agencies to utilize at their convenience. It is our goal to continue to build this platform and be able to bring training in this manner. Roll call trainings could be utilized this way, as it tracks who logs in and when and officers can complete it at their convenience.

1. How do you plan to engage members in disciplines that you do not currently have as active members? i.e. any of the above that you do not have members listed.

Our council continues to grow by our members initiating contacts with professionals they feel will benefit and contribute to the goals and objectives of the council. The coordinator has reached out to many agencies to become involved in the council, as well. It is a goal to continue the efforts in bringing all disciplines to the council to share in the knowledge, training, and resources available through the councils' meetings and training events. Community events, word of mouth, and our current dedicated members can best help achieve this goal.

2. List your circuit wide committees and member agencies on each committee. Include discussion about how often each committee convenes as well as the focus of the committee and projects it will complete.

3. Discuss the process your Council will use to recruit and re-engage members to your committees. Be sure to include who is responsible for recruiting committee members.

It is primarily the responsibility of the Local Council Coordinator to seek and recruit members for the 22nd Council committees, especially connecting with organizations who are not currently part of the council. The council has previously worked together on numerous projects and the quickest way to re-engage members is to solicit assistance from previous members. Also, the dedicated council members may approach specific organizations they have relationships with to invite them to meetings and to participate in the efforts of the council. Several council members are still working from home with added responsibility, making it difficult to dedicate time to the council. We hope this next grant cycle brings back our normal group of people.

4. Discuss potential topics and intended audiences for trainings your Council will provide.

Protocol(s): Domestic Violence and Elder Abuse protocol training. We have not done a law enforcement protocol training for a couple of years and there are many new officers in the county. It is a goal to host a 2-hour training for the newer officers on these topics with our State's Attorney's Office. Our Elder Abuse Supervisor is interested in working together to bring training to EA/APS staff on interviewing skills and trauma-informed approach – a more advanced training than just the protocol.

Promising Practices Mini-Toolkit(s): We will continue to train on the Dispatcher mini-tool kits and hoping to train fire departments on domestic and elder abuse response.

Other: The council would like to bring in a speaker this grant cycle to train on a topic of choice, and possible collaborate with other councils to do joint training events. We hope to bring a Peer Support trainer for law enforcement to train specific officers to be able to offer support to officers after traumatic events, difficult calls, or who are dealing with family issues. Our council is starting to request more advanced training on topics related to family violence, such as strangulation, digital media, and human trafficking.

5. Describe your plan to follow-up with attendees of trainings you have provided. Be sure to include who is responsible for follow-up.

In most instances, it is the role of the Coordinator to follow up after trainings. If necessary, additional information could be passed along to those who attended trainings and follow-up. Every training will invite others to participate in the council and bring their ideas to the group. Some trainings will not require follow-up other than the survey tool distributed at the end of the event. Through our Learns World digital platform, attendees have access to training materials after the training date. There are trainings they can take on their own in the library of topics.

6. Please describe how evaluation results from your council's trainings are used.

The council provides evaluations at the end of trainings to offer attendees a chance to evaluate the quality of the training. These responses have helped restructure and refocus our information to make it as beneficial and applicable as possible. The results are compiled and shared with the council members to discuss the impact of the training material. Changes are discussed and the council determines what topics should be focused on to support the community's needs.

7. Discuss your process of sharing and distributing resources. Be sure to include who is responsible for sharing and distributing resources and information.

In most instances, it is the role of the Coordinator to share and distribute resources throughout the circuit. In some cases, a 22nd FVCC member has asked for particular information to be distributed to other council members or at a training they feel would be beneficial and useful. All members take an active role in disseminating resources that relate to domestic violence or that help support the efforts of other organizations involved in the council.

36. Management and Disposition of Equipment and Commodities.

36.1. Equipment and supplies acquired by Grantor with Grantor funds shall be used for purposes of the program described in the exhibits only. If the equipment or supplies originally purchased for the program are no longer capable of fulfilling the needs of the program and must be traded in or replaced, or there is no longer a need for the equipment or supplies, Grantee shall request instructions from Grantor.

36.2. Grantor may deny equipment and supply costs or require that Grantee relinquish already purchased equipment and supplies to Grantor if Grantee fails to employ an adequate property management system governing the use, protection, and management of such property. Grantee shall provide equivalent insurance coverage for grant funded equipment and supplies as provided for other equipment and supplies owned by Grantee. Any loss, damage or theft of equipment and supplies shall be investigated and fully documented, and immediately reported to Grantor.

36.3. Equipment purchased using Grantor funds shall be made available for inspection during site visits, and upon request of Grantor as part of its grant monitoring and oversight responsibilities.

If, for an item of equipment described in the Budget to be purchased with Grantor funds, Grantee does not have, at a minimum, a purchase order dated within 90 days after the start date of the agreement, Grantee shall submit a letter to Grantor explaining the delay in the purchase of equipment. Grantor may, in its discretion:

- A. Reduce the amount of funding;
- B. Cancel this agreement;
- C. Allow Grantee to reallocate the funds that were allocated for such equipment to other allowable Grantor approved costs; or
- D. Extend the period to purchase this equipment past the 90-day period.

Grantee shall provide notice to employees and beneficiaries regarding applicable civil rights laws and the procedure for filing a complaint with Grantor and appropriate federal and state agencies. If this Agreement results in a copyright, the Grantor reserves a royalty-free, nonexclusive and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for government purposes, the work or the copyright to any work developed under this Agreement and any rights of copyright to which a grantee, subgrantee or a contractor purchases ownership with grant support.

41.2. If this agreement results in the production of patentable items, patent rights, processes, or inventions, Grantee shall immediately notify Grantor. Grantor will provide Grantee with further instruction on whether protection on the item will be sought and how the rights in the item will be allocated and administered in order to protect the public interest, in accordance with guidelines.

42. Publications.

42.1. In addition to the requirements of Part I, Article 23, Grantee shall submit to Grantor for review, certain publications that will be issued by Grantee describing or resulting from programs or projects funded in whole or in part with grant funds, no later than 30 days prior to its printing.

42.2 The publications subject to this review are: journals and annual reports that describe how grantee has used the funding, any paid advertisement or public awareness campaign regardless of format, and any other publication that cumulatively costs more than \$1000 to create or produce. These publication review requirements do not apply to press releases, flyers advertising approved program activities only, newsletters and issue analyses.

42.3. Grantor reserves the right to require the resubmission of any publication for additional review and comment, prior to its printing.

42.4. All publications shall supplement the language required by Part I, Article 23 with the following statement:
